2. becoming "Students for Sustainability"
3. CAN to remain ETF rep group
  1. Other clubs under SFS to join Food Task force, EcoTF
4. Students to report back after next meeting

## Clean Fleet Advisor Update

1. UNH - currently very decentralized vehicle acquisition

2. looking at fuels use miles, non-transit
3. average is 9.5/gal (WHOLE fleet)
4. last year UNH spent \$625,000 on fuel
  1. transit is only 33% of total mileage
  2. using +/- .25 million gal. of fuel annually
5. Advisor to focus on these issues, best practices
  1. “right sizing” - can 1 less vehicle be used? None at all?
6. UNH always blows others out of the water regardless
7. Formal recommendation from ETF to cabinet to establish and empower position
  1. should sit on both ETF and Transportation committee

### **Transportation discussion**

1. How to incentivize campus to use transit
2. more transit shuttles all year round
  - a. i.e. west edge
  - b. more routes during limited service times
3. Woodsides shuttle was stopped
  - a. option of putting 10 or so bikes at Woodsides for student use
