

# How much waste did UNH create in FY '14?

**Landfill Waste: 1,400 tons** or **140,020 cubic yards**  
*the volume equivalent of filling Stoke Hall 2.5 times*

**Electronics: 32 tons**  
or **3,252 cubic yards**  
*just shy of the volume equivalent of Babcock Hall*

**Recycling: 492 tons**  
or **49,198 cubic yards**  
*the volume equivalent of filling 450 Wildcat Transit Busses*

**Total contracted costs to dispose of electronics, waste and recycling:**

**\$447,919**

Thanks to UNH Facilities and UNH SEED program for help with sourcing and converting the numbers!

\* numbers and costs do not include food waste pulped in dining halls or demo waste from UNH Construction
